

JOHNS HOPKINS UNIVERSITY

Program Name: Master of Science in Nursing (MSN) Entry into Nursing

State Authorization Disclosure Regarding Educational Prerequisites

Federal regulations require Johns Hopkins to disclose to students considering enrollment or enrolled in this program whether or not it meets educational prerequisites for licensure or certification by state.

Educational Prerequisites for Professional Licensure or Certification:

This program meets educational prerequisites for licensure or certification in all 50 state and the District of Columbia. Certification requirements vary by state; please see the [National Council of State Boards of Nursing](#) for state-by-state information.

Students located in a state where their program does not meet that state's licensure or certification educational prerequisites may have difficulty finding a job in that occupation and/or repaying loans borrowed to complete the program.
