Michelle Shumunov: Do you have opportunities for specialties or post-masters certificates in midwifery?

Laura Panozzo: @Samantha - Whenever it fits best in your schedule! All courses must be completed prior to the start of the nursing program.

Adetunji Adeseluka: Hello Laura,

Elizabeth Yardley: What's the acceptance rate for the program?

Laura Panozzo: @Elizabeth - The acceptance rate is usually around 47%

Deb Driscoll: @Michelle - we do not have a midwifery specialization at this time

Coral Estefania Alonso Garcia: I am trying to enroll to prerequisite classes at JHU! but I saw that there is none still for the Fall. You guys offer prerequisite for nursing classes in the fall?

Sharon Warner: Elizabeth-the easy way to answer that question is that we typically have approximately a 40% acceptance rate.

Smitha Mahesh: And if we do the priority deadline of July 1st, does that mean we matriculate into the Spring 2021 or Fall 2021?

Katerina Fella: Does taking the GRE to improve your application, and should I retake courses I took 7 years ago?

Selena Patel: When do students who are starting in Fall 2020 find out their schedule?

Laura Panozzo: @Coral - The fall schedule for the prerequisites hasn't posted yet. It should be available within the next couple of weeks

Jose Ilao: @Folukemi Falobi Yes. The prerequisites and an accredited Bachelor's degree are prerequisites. An applicant should have all their prerequisites and degree conferral completed by matriculation with ab B- or better (before the start of the program). We require official copies of all prerequisite sent to us before matriculation.

Sharon Warner: Hi Selena:

Rebecca Brimer: @Smitha Mahesh you would be applying to start in Spring 2021

Jena Lindstrand: I have a question regarding the websites listed "Scholastic GPA of 3.0". If you have multiple GPA's, how does this work? For me personally, I have a GPA from my bachelors degree (a long time ago), a post-bac GPA from a post-bac degree I did, plus a graduate GPA from various masters classes and another masters degree. So I guess I'm curious if this 3.0 GPA requirement is all of the GPA's combined, or how exactly that gets factored in when an applicant has multiple GPA's. Thank you!

Deb Driscoll: @Katerina - typically it does not improve your application to take the GRE. Retaking classes can be helpful if you want to refresh your content knowledge.

Sarah Tennyson: @Michelle we currently have the Spring 2021 cohort application open. The early decision deadline in July 1 and then we have a priority deadline of October 1. To be considered for early decision, we will need all official transcripts, course work entry, essays and three letters of recommendation submitted through NursingCAS by
Chat Session for MSN Entry into Nursing questions

July 1. Decisions will go out the beginning of September. For the October 1 deadline, decisions will go out the beginning of November. Courses will start January 2021.

03:06:18 PM  Brenden Pollock  Are graduates of this program well prepared to later on apply to Nursing Anesthesia programs?

03:06:31 PM  Jalinne Sanchez  Graduating this December, do I need to have a bachelor before I apply?

03:06:40 PM  Mike Itepu  when is this pro going to start?

03:06:44 PM  Deb Driscoll  @Brenden - absolutely! We have just launched our DNP-CRNA program this Fall!

03:06:54 PM  Marcus Dyson  The admissions requirement says a scholastic GPA of 3.0 from an accredited college or university. For someone who may not have a 3.0 in their undergrad but well over a 3.0 for a master's degree, does that qualify the same way an undergraduate degree does?

03:07:12 PM  Nicole Gamble  Is a BSN earned in this program as well as MSN?

03:07:13 PM  Laura Panozzo  @Jena nursingCAS calculates the GPAs for us. So we will see a cumulative undergraduate GPA, a separate Graduate GPA, and a combined GPA. We look at all GPA's that nursingCAS sends.

03:07:14 PM  Sharon Warner  Selena-you do not have a lot of choices in the first term and the Registrar will actually register you this first term. You will get that a couple days before orientation starts.

03:07:18 PM  Stacey Gonzalez  Is there an update as to whether fall 2020 cohort will be on campus or remote?

03:07:21 PM  Sarah Tennyson  @ Mike the Spring 2021 cohort will begin the beginning of January.

03:07:36 PM  Rebecca Brimer  @Nicole Gamble you would be earning a MSN degree in nursing not a BSN

03:07:37 PM  Deb Driscoll  @Marcus - if you have demonstrated the ability to be academically successful with graduate level coursework, that will definitely help strengthen your application! We review all applications, regardless of GPA.

03:07:41 PM  Folukemi Falobi  As regards the tuition

03:07:49 PM  Michelle Shumunov  is there a time frame for when prerequisite classes must have been completed? (ie taken within he last 5 years)

03:07:52 PM  Nicole Gamble  A BSN will be earned after completing one year of the MSN Direct Entry program correct?

03:07:54 PM  Laura Panozzo  @Stacey - No final decision has been made yet. Our summer semester currently has students going back to clinicals starting in June but all coursework online.

03:07:56 PM  Lauren Scheffey  Is it common that students just out of undergrad are admitted to the MSN program, or is it preferred that students a have few years of work experience first?

03:08:08 PM  Zachary Shenk  I have seen that applicants are assessed holistically, but what would be the most important or heavily-weighted characteristics of a

You must have a bachelors degree or completing one just before entering this program.

@ Alexis - all pre-requisites need to be completed before the start of the program. You don't have to complete them when applying. However, if you didn't take many or any science courses in your undergrad and want to show your ability in science courses, you may wait for that grade before applying.

What is the average GPA of admitted students to the MSN program?

I am hoping to start with the Spring Cohort

@Alden - admission reports are sent out on a rolling basis starting in September.

@Stephanie - average age is usually around 29, average gpa is usually around a 3.4-3.5. A strong applicant is one that can talk about their passion for nursing and can show how their experiences will benefit the nursing field.

hello is this a full time on campus only program?

If we're applying for Fall 2021, when will we receive confirmation on whether we've been accepted or not?

Tracey-we often have applicants that have a MBA or other Masters into our entry level program (approximately 20% of the cohort does). This graduate study will give you a sense of the rigor of the program.

@Katherine, average GPA is between a 3.4 and a 3.5

Good afternoon

if your prerequisite are old, which ones are mandatory to retake before application deadline?

@Mikaela the Fall 2021 cohort will begin the end of August.

@Fatmata Kamara the programs cover the same content in 5 semesters. However, program cohorts starting in the Spring will have 2 Summer Semesters (Spring, Summer , Fall , Spring and graduate at the end of the summer). Note the Summer terms are the same curriculum in a 2.5 month time frame.

@Tracy - yes, that is correct. It is 5 semesters!

Where would we go to learn about scholarships or tuition assistance?

I have prerequisites to complete. So, I will complete them before applying. I will be ready to start Fall 2021.

I m taking A and P (2) now, must i complete it b/4 i applying?

For applying in the fall, when is the earliest I can submit my application?

@Mike - you don't have to complete the prerequisites before you apply, but you would need to have them completed before you begin courses.
If many of my prerequisites were completed more than five years ago, does that matter?

@Lundyn - Fall 2021 applications will be available starting mid-august. If students apply by the november 1st deadline, they will get their decisions by the end of December.

@Deb Driscoll do you have any part-time programs

@Madeline the Fall 2021 application will open around August 15.

Ladies, for those of us attending MSN- Entry in the fall of 2020, is there any idea how COVID19 will affect classes, or the way classes will be conducted moving forward

@Tracy - not pre-licensure.

Can you elaborate on the possible ideas being considered for how classes, labs, and clinicals will be in the fall? For example, combination of in-person labs and online classes? I know a decision hasn't been made, but I would really like to hear more about the options being considered. Thank you!

@Ciera, here's the link to scholarships - scroll to MSN Entry: https://nursing.jhu.edu/admissions/financial-aid/scholarship/index.html

i have worked extensively at the hospital will that be helpful in getting admitted?

If a student with a non-BSN obtains their MSN through the direct entry program, but in the future may want to pursue a DNP at JHU that requires a BSN, would they accept the non-BSN MSN degree instead?

@Kimberly Stone No. we do not have an expiration date for prereqs class. We recommend they be completed within the last 5 years to ensure the material is fresh in your mind.

sorry as regards the tuition ,any aid loans or options to assist with payment and is there an instate or out of state tuition fees or is it the for everyone

@Samantha - we don't have any information at this time. We will definitely let people know as soon as we have an update!

Regarding the "Human Growth and Development" prerequisite, what are some names of other courses will meet this requirement? Would intro psychology be sufficient or are you looking for a child psychology?

@Folukemi, we are a private institution which means one tuition for all. We don't have instate or out of state tuition.

@Megan - We are constantly monitoring the situation, currently our summer courses are being completed online but they will be back in clinicals in June. So we should know more about how the fall will work over the next few months. But students will more than likely at least be in clinicals so they would still need to move to Baltimore for the fall.

<td>@Smitha, we don't offer a MSN to become a Nurse Practitioner. The MSN Entry program prepares you to be a RN licensed, bedside nurse. We prepare students to become Nurse Practitioners on the doctoral level. They earn the Doctor of Nursing Practice (DNP) degree. Other schools prepared students to become Nurse Practitioners on a master's level.</td>

Out of 300 graduates last year, we may have had around 20 that applied and most were accepted. different, we encourage students to submit an addendum talking about the differences.

03:21:06 PM Safa Zahangir

Hi, if a student wants to reapply for the program after being waitlisted the earlier cohort would you recommend applying early by July 1st or October 1st? Also people who apply by early decision are they also being considered for the October deadline or is it just 2 different batches of application?

03:21:07 PM Kyung Kim

I have very strong professional references for letters of recommendation but lack good academic ones as online courses do not allow for the same relationship as lecture courses. Is it required that 2 out of 3 letters be from academic references?

03:21:14 PM Jena Lindstrand

(For anyone needing pre-reqs, I can vouch for the JHU online pre-reqs. I started two of them today and they are very straightforward. The professors seem very kind and experienced)

03:21:17 PM Stephen Carter

are there certain scholarships available or organizations you know of that provide scholarships?

03:21:28 PM Betsy Emery

@Elizabeth, This program does not prepare you to become a Nurse Practitioner. It prepares you to become a RN licensed nurse only. You will either need to apply to another MSN program or a DNP program like ours to become a NP.

03:21:40 PM Stephen Carter

oh, I see that you answered that already. Thanks!

03:21:45 PM Kyung Kim

I understand that the program is 5 semesters, that includes summer correct? There is no "summer break" so then the entire program would run approximately 18 mos?

03:21:47 PM Stephanie Massey

I'm currently active duty and would need an acceptance letter pretty early. If I apply and I'm accepted, is there any way to delay entry?

03:22:04 PM Ashley White

@Kyung: the program is a total of 22 months. So you would have a short break in-between each semester

03:22:07 PM Laura Panozzo

@Stephen - All completed applications get reviewed for scholarship money from JHUSON. Feel free to look at our website here for outside scholarship suggestions: https://nursing.jhu.edu/admissions/financial-aid/funding.html

03:22:09 PM Deb Driscoll

@Kyung - the Admissions Committee wants to hear from people who can speak to your ability to be academically successful in a rigorous graduate program. You should choose the recommenders who you think will best represent you.

03:22:11 PM Megan Shierly

Thank you ma'am!

03:22:13 PM Betsy Emery

@Stephanie, if admitted, you may defer your start date for one year only.

03:22:20 PM Alden Herrera

@ Deb, thank you! So, is applying sooner rather than later beneficial?

03:22:24 PM Jose Ilao

@Fatmata Kamara The MSN Entry is a rigorous full-time program with clinical hours. Students are encouraged to focus on their academics. There are opportunities for part time student worker positions. After the first term MSN Entry students may work in the hospital as a CNA

@CF - whichever you prefer - please email jhuson@jhu.edu and we will set up a time to talk.

if I have volunteer service for over 300 hours from 2006 would that be considered on my application or should I leave stuff that old out of my app?

@Kimberly - Students will take some leadership courses to develop their skills on an individual level. We also do inter-professional education with our School of Medicine students and Pharmacy students from the Notre Dame College of Maryland, to talk about how to work within a healthcare team. Students complete group projects and are encouraged to explore things outside of courses to develop their leadership skills!

@Destanee-many students will take electives through the school of public health, but unlike undergraduate, you will not have the option to 'major' in a certain area.

@Emily if you are looking to defer again, you need to email jhuson@jhu.edu. This will be dependent on class volume and if you were awarded any financial aid that may be impacted too.

So you have said the program is 22 months, so for those enrolling in the Spring 2021 program their end date would be around October 2022, finishing their fifth semester?

I have BS in Biology and I am interested in MSN? I am military Veteran, I was medic in US Army What is my chance in admission to MSN?

So, to clarify, 2 out of 3 of our letters of recommendations do not have to be from academic professors? They should just be able to assert and testify to our abilities to be academically successful in a rigorous program? (I have worked with numerous DVMs that can write me thorough letters, I do not know them in the traditional classroom academic sense, but they are most qualified to be solid references)

@Jena Lindstrand and Jessica. Applicants wishing to qualify for early decision should submit their application to NursingCAS by July 1, 2020. That's it. No special forms :-) There is plenty of time!

I just want to say a big thank you to all of the staff hosting this chat. Thank you for letting us all throw questions at you :) Really appreciate the transparency and kindness shown.

@Kyung - Correct, that would be just fine!

Hello, I am interested in applying for Spring 2021. What is the difference between early and priority application?

@Megan Shierly definitely! Do you have an email? It’s challenging to apply to military to civilian

@Betsy Emery - yes, I understand that, will the Nursing CAS system allow me to submit the application early? It doesn't indicate the July 1st option

03:38:41 PM Emily Stadler Term*  
03:38:48 PM Alden Herrera *versus if they apply at the end of June, oops.
03:39:36 PM Timothy Morrissette I am interested in international practice and leadership. Are their opportunities in the program which allow for international specific study or preparation? I am a US national.
03:39:53 PM Destanee Crawley Is an interview apart of the application process?
03:40:05 PM Deb Driscoll @Timothy - yes, there are opportunities for international immersions.
03:40:09 PM Aja Wilkins Is there a greater chance of getting into the MSN Entry program if you apply in July vs October?
03:40:11 PM Jose Ilao @Megan Shierly - Students, faculty and staff all have to obtain parking through the Parking office. This is the official webpage for JHU parking http://ts.jhu.edu/Parking/Locations_Rates/ Prices vary by lot.
03:40:14 PM Safa Zahangir Out of the 3 reference letters NursingCAs asked 2 of them should be academic. But is it okay if you can only get 1 academic and 2 professional reference?
03:40:22 PM Deb Driscoll @Safa - yes, that is fine
03:40:33 PM Megan Shierly Thank you!!
03:40:36 PM Sharon Warner Destanee- no we do not interview for the Masters Entry.
03:40:38 PM Jose Ilao @Megan- You will want the East Baltimore Campus
03:40:51 PM Laura Panozzo @Aja - Yes, the earlier you apply, typically the better. If you wait until October, all the July people will have gotten their decision and most seats will be full. So it is almost more competitive the longer you wait.
03:40:57 PM Destanee Crawley Is there an option for students to apply jointly to MSN and DNP programs?
03:41:10 PM Aja Wilkins Thank you!
03:41:19 PM Laura Panozzo @Destanee - No, you would have to apply to the DNP program separately.
03:41:20 PM Marcus Dyson Are there any study abroad opportunities in the program?
03:41:42 PM Deb Driscoll @Marcus - there are classes you can take over the winter break that are international immersions.
03:41:59 PM C. F. Thank you so much evryone that put this webinar together. I truly appreciate. :-)
03:42:13 PM Madeline Hartman Are you able to send in two professional letters & two academic letters? or stick with only three total?
03:42:18 PM Jillian Umali Do many graduates end up working in the JHU hospital system? I’m really interested in working with your performing arts rehabilitation team
03:42:19 PM Megan Shierly Does the school of nursing do any mission trips?

03:44:48 PM Sarah Tennyson @Irene yes you can still apply for the July 1 deadline while still taking your prerequisite courses.

03:44:50 PM Sharon Warner Chris- Most courses are graded. By advance, I am thinking you mean applying for the next step(DNP)? There is not a required GPA, but to be competitive, we want to see at least a 3.0 and a B or better in all nursing courses.

03:45:01 PM Marcus Dyson With the number of applicants, I'm sure that you all scan the essays. What is something that can help us stand out?

03:45:01 PM Ashley White Hi All! We have 15 minutes left! Feel free to send us your last minute questions. Also if you have any questions after the chat you can email us at jhuson@jhu.edu

03:45:14 PM Kiana Burnham @Ashley, thanks for the reply. I did screen record it because I wasn't sure if the chat would speed roll through. I'm happy to share it if it's any help to anyone though it works great being able to read and type at our own pace. This is excellent, thank y'all.

03:45:31 PM Deb Driscoll @Marcus - every essay is read multiple times by several people. We do not scan.

03:45:34 PM Timothy Morrisette I am self employed and work remotely at present, is it permissible to work part time while attending the program?

03:46:07 PM Mike Itepu Thanks for your time

03:46:14 PM Megan Shierly Sorry, just a last minute question. who is your point of contact for your SOURCE community service/work study programs?

03:46:20 PM Laura Panozzo @Timothy - Usually not advised, most students who work, usually through a work study job or research position, will work no more than 10 hours a week.

03:46:32 PM Wendy Mazariegos Hello Everyone! Thank you for hosting this helpful chat session. I am interested to know what types of leadership opportunities there are for enrolled MSN students at JHUSON. What do students typically do outside of the classroom?

03:46:52 PM Anne Farley Apologies if this has been asked already - I had a meeting run over so I’m late joining. If an individual doesn’t have clinical experience, but wants to make clear on their application they’ve considered this opportunity and are sure they want to pursue nursing, do you all have any ideas for medical volunteer opportunities during this COVID-19 crisis?

03:46:56 PM Jena Lindstrand Hypothetically, if someone got accepted in September for the January 2021 entry, would there be opportunities through JHU to volunteer at the hospital or associated clinics during the fall semester, just to gain more experience before the program started in January? I definitely want to do all that I can to gain experience and to prepare myself, if admitted. I’d be happy to move to Baltimore in September just to gain experience at Johns Hopkins Hospital or associated clinics before starting in January.

03:46:56 PM Marcus Dyson @Deb thanks for that. I was hoping that wasn’t case

03:47:11 PM Betsy Emery @Megan, we work with all staff members at SOURCE - Here's their website:
Chat Session for MSN Entry into Nursing questions

03:47:18 PM  Deb Driscoll  @Anne - check with medical providers in your area to see what opportunities are available.

03:47:26 PM  Timothy Morrissette  Are there opportunities to take part in research held at JHU?

03:47:34 PM  Stephanie Massey  @kiana please share :-) I didn’t think about screen recording

03:47:36 PM  Betsy Emery  @Megan: SOURCE website: https://source.jhu.edu/

03:47:47 PM  Megan Shierly  Perfect, thank you

03:48:07 PM  Laura Panozzo  @Wendy - really depends on a students interest! We have research opportunities for those interested in learning about nursing research or projects of our professors. Some students work with our community partners if they are interested in community work with specific populations. Some seek student organizations and leadership positions within those organizations. So it really depends on the student!

03:48:15 PM  Chris Quan  Does JHU give preference for admission to students who have completed the MSN Entry Program JHU applying to the DNP at JHU?

03:48:41 PM  Sherice Naidoo  if we are pairs but want to study nursing once we done with our second year is is possible? And what are the requirements to enter the nursing program?

03:48:49 PM  Sherice Naidoo  what are the requirements to enter for the MSN nursing ?

03:49:03 PM  Laura Panozzo  @Sherice - Our requirements can be found here: https://nursing.jhu.edu/academics/programs/pre-licensure/masters-entry/

03:49:06 PM  Deb Driscoll  @Chris - we accept students from many programs into our DNP tracks, but definitely our Master's Entry graduates enjoy having access to JHU professors to write them letters of recommendation.

03:49:08 PM  Betsy Emery  @Sherice: you may review our requirements at: https://nursing.jhu.edu/academics/programs/pre-licensure/masters-entry/

03:49:15 PM  Wendy Mazariegos  @Laura - Awesome. Thank you for your time!

03:49:19 PM  Safa Zahangir  there’s a portion on the Nursing CAs application that asked- ‘Please indicate what influenced you the most to apply to the Johns Hopkins University School of Nursing. Is it mandatory to answer that question or does it affect your entire application?

03:49:38 PM  Sharon Warner  Timothy-yes, you can be in the Research Honors program (there is an application process), take a research course, or work with faulty one on one with their research interests.

03:49:41 PM  Deb Driscoll  @Safa - it's not mandatory to answer, but it's helpful to the Admissions Office for future recruitment planning.

03:50:19 PM  Jose Ilao  @Jena Lindstrand - One are welcome to volunteer their personal time to serve the hospital regardless of nursing applicant status or clinical experience. The following link will take you to to official Johns
03:50:29 PM  Timothy Morrissette  Is the application for Research Honors done prior to attendance, or during?

Hopkins Hospital office of volunteer services.

03:50:42 PM  Sarah Tennyson  We will be able to post the transcript of this chat on our website at https://nursing.jhu.edu/admissions/ask/virtual-information-sessions.html. It will be up by end of the day.

03:50:46 PM  Deb Driscoll  @Timothy - not until the second semester of the program.

03:51:15 PM  Alden Herrera  How do folks in admissions typically view GRE scores? I've gotten a little bit of an idea from this chat, and maybe this is too big of a question... Are they seen as representative of a student's future performance in graduate school, as ETS claims? Or, are they viewed more closely to how a student performs under pressure? What do you think?

03:51:20 PM  Victoria Gaines  Thank you @Sarah Tennyson!

03:51:22 PM  Jose Ilao  @Jena anyone is welcome to apply to volunteer.

03:51:37 PM  Chinwe Ibe-Ohanebo  Thank you so much for this chat session. I didn't have to re-ask my questions as they were already asked by others, so I just got the answers as they were provided.

03:51:40 PM  Folukemi Falobi  And when is the deadline for fall2021 admission

03:51:42 PM  Jena Lindstrand  Thanks Jose! I just wasn't sure if JHU would assist with that once a student was accepted. I appreciate your reply. Thank you.

03:51:49 PM  Sharon Warner  Chinwe-glad you joined us.

03:52:00 PM  Deb Driscoll  @Folukemi - priority deadline is November 1, regular deadline is January 1

03:52:01 PM  Jose Ilao  @Jena Lindstrand you're welcome Jena!

03:52:46 PM  Jillian Umali  Thank you so much for this chat! It was very informative and I look forward to applying for your program :)

03:52:58 PM  Jose Ilao  You're welcome @Jillian Umali

03:53:21 PM  Brenden Pollock  Thank you so much for your time and assistance!

03:53:32 PM  Sharon Warner  We have 7 more minutes so still time for questions.

03:53:32 PM  Jena Lindstrand  It looks like the chat is almost over, so I just want to give a big thank you to the staff that helped all of us students out with these questions. I think your transparency and willingness to help speaks volumes about the program itself. Thank you so much! Be well.

03:53:39 PM  Chris Quan  Please indicate what influenced you the most to apply to the Johns Hopkins University School of Nursing? question, does not affect the admission decision?

03:53:51 PM  Laura Panozzo  @Alden - This is a hard question because it is not a requirement for us, because we don't necessarily see that exam as a good predictor of success within nursing school. Most student who submit a score do so in hopes of showing academic ability despite a potentially
lower over GPA from undergrad. But it would all depend on the score. We are looking for 50th percentile or above across the sections. I will say, if someone submits a very low GRE score and no explanation, it can be worrisome for the committee. So if you are not a good test taker, I wouldn't worry about the GRE.

03:54:00 PM  Michelle Shumunov  Thank you JHUSON staff!
03:54:02 PM  Timothy Morrissette  Thank you very much for you time and excellent responses. I look forward to any future correspondence.
03:54:04 PM  Irene Mziray  Thank you so much
03:54:13 PM  Anne Farley  Thank you all! Take care!!
03:54:15 PM  Folukemi Falobi  How much is the tuition fee for this program plus fees in total
03:54:27 PM  Deb Driscoll  @Chris - we like to know if there is an alum/employee who had recommended you, or how else you heard about us
03:54:38 PM  Laura Panozzo  @Folukemi - Total for the five semesters is around $100,000
03:54:47 PM  Stephanie Massey  Thank you all for your time. This chat was very informative
03:54:55 PM  Mike Itepu  sorry is GRE compulsory?
03:55:01 PM  Jose Ilao  @Michelle Shumunov We will be able to post the transcript of this chat on our website at https://nursing.jhu.edu/admissions/ask/virtual-information-sessions.html. It will be up by end of the day.
03:55:05 PM  Deb Driscoll  @Mike - no, the GRE is not required
03:55:07 PM  Julia Dickhaus  Thank you so much for this session. It was incredibly helpful! I hope everyone stays safe, and I am looking forward to the application process.
