

Full-Time Ranked Faculty-Nurse Anesthesia (CRNA) DNP Program, Director and Assistant Director

Join the Johns Hopkins community as an academic leader at the School of Nursing. Our faculty members are committed to excellence in research, teaching, practice, and service, and they are recognized nationally and internationally as experts in their disciplines.

Under the direct supervision of the Associate Dean for Practice, Innovation and Leadership, the Director and Assistant Director of the CRNA Program will be responsible for the overall operations of the CRNA DNP Program at the Johns Hopkins School of Nursing. The CRNA DNP Program Director and Assistant Director are full-time members of the School of Nursing faculty with all the rights and responsibilities of a faculty appointment. The Program Director and Assistant Director will be responsible for:

- Obtaining and maintenance of accreditation by the Council on Accreditation for Nurse Anesthesia Educational Programs
- Curriculum development, implementation including developing student learning outcomes
- Provides classroom and clinical instruction.
- Participates in the admissions process of the nurse anesthesia program, and provides counseling to students involved in clinical incidents and develops appropriate remediation plan and disciplinary actions.
- Develop and Maintain Clinical Sites
- Develops and Executes budget for the program that are fiscally sound and generate revenue for the School and the Department
- Maintain student records in accordance with the COA and NBCRNA
- Develops and maintains financial mechanism and grants to support the program such as HRSA
- Simulation experience

Other responsibilities

- Obtain a dual appointment within the School of Medicine
- Develop relationships with the Johns Hopkins Armstrong Institute for Quality and Safety (AIQS) and align the Program with the AIQS for strategic benefit of the Program and the Johns Hopkins Department of Anesthesiology and Critical Care Medicine
- Develop relationships with Johns Hopkins School of Nursing's Center for Global Initiatives to develop international experiences for faculty and students.

- Develop relationships with the Anesthesiology residency program and innovate/collaborate in new ways that promote inter-professional education opportunities
- Participate in School of Nursing and University events including fund raising events
- Participates in local, state and national professional organizations.
- Presents at local, state, and national professional conferences, assists with soliciting grants for the program, and participates as a member of AANA

Scholarship is imbedded in all elements of the role of full time faculty members: *research, practice, and teaching.*

Research/ Scholarship (Every faculty member will)

- Have a focused area of research
- Publish and present in this area annually
- Bring resources into the School of Nursing (i.e., research grants)

Professional Practice (Every faculty member will)

- Maintain knowledge and skills in their area of clinical expertise (direct care, coordinator of care, staff development-continuing education, health policy, consultation)
- Bring resources into the School of Nursing (i.e., salary support)

Teaching (Every faculty member will)

- Teach every semester during the academic year (summer, fall, spring)
- Advise students (i.e., guide and/or encourage scholarship)
- Bring resources into the School of Nursing (i.e., training grants, new students, lecturers)

Academic/ Community Service (Every faculty member will)

- Serve as a member or leader of SON committees, University committees, and/or hospital/agency committees
- Participate in Faculty Assembly
- Participate in the Faculty Mentoring Plan
- Participate actively in University and SON functions (i.e., commencement, induction ceremonies, open houses, career day, recruitment activities)

- Participate actively in professional organizations (i.e., Sigma Theta Tau, ANA, NLN, and specialty groups).
- Participate actively in community groups whose mission relates directly to that of the School of Nursing
- Bring resources into the School of Nursing (i.e., use community and Professional networking to bring potential donors into the Development Office)

Qualifications

- Education: Doctoral Degree in Nursing or a related field.
- Experience: 2 years of clinical experience minimum
- Licensure/Certification: RN and APRN/Certified registered nurse anesthetist

You will be expected to meet all the responsibilities of the School of Nursing. With respect to courses to which you are assigned to teach, you will be expected to prepare for and be present at all clinical or classroom instructional activities and at all scheduled class meeting times and at all meetings relating to the courses you are assigned to teach (e.g.: Blackboard training, orientation, course and clinical preparation meetings).

Absences due to illness or emergency must be made known to the course coordinator as soon as possible. Absence for reasons other than illness or emergency is discouraged.

You are also required to be licensed as a Registered Nurse in the State of Maryland. Failure to meet these expectations will be a factor in reappointment decisions. Experience working with a diverse faculty, student, and staff community is encouraged.
