All current doctoral students are invited to submit a manuscript for review and consideration for publication in the eighth edition of the Doctoral Student Organization’s Journal. We are also accepting submissions of artwork for consideration, including drawings and photographs for use either on the cover or embedded within the issue.

The submission deadline is July 15th, 11:59 PM EST.

The Journal of Nursing Doctoral Students Scholarship does not aim to compete with highly ranked and established journals in the field; rather it provides a venue for doctoral students to express their thoughts and opinions. Some student work, such as concept or theoretical analysis papers, do not fit well with research focused publication sources looking for a data-based research reports. To bridge this gap and share the outstanding ideas with the rest of the scientific community, we invite you to submit research briefs, concept or theoretical analysis, systematic or focused literature reviews and any other publications produced by you during your doctoral studies.

Mission Statement of the Journal:

The Journal of Nursing Doctoral Students Scholarship is a scholarly publication dedicated to the development of doctoral student scholarship and the advancement of nursing science. This journal is peer reviewed by doctoral students, edited by doctoral students, and targeted towards health practitioners, educators, scientists, and students. This journal has both a professional and an educational mission. To serve the profession, each issue features articles that represent diverse ideas, spark intellectual curiosity, and challenge existing paradigms. Doctoral students will have an opportunity to explore and analyze issues and ideas that shape health care, the nursing profession, and research around the world. To fulfill its educational mission, doctoral students will be trained in the editorial and administrative tasks associated with the journal’s publication and assisted in preparing original manuscripts for professional publication. This journal will be evidence of the scholarly development of nurse scientists.
