Loan Information

Loan Amount Requested

For each academic year, you may borrow up to—but not more than—the school's cost of attendance, minus the amount of other financial assistance received. The school determines the cost of attendance based on federal guidelines. It is important not to borrow more than you can afford to repay, even if you are eligible to borrow more.

Learn About Loan Fees

Loan fees are subtracted directly from the loan before it is disbursed to you. This means you will receive a smaller amount than the total of what you actually borrowed, but you will be responsible for paying the entire amount. Learn how loan fees impact your loan amount. Use our calculator to [determine the impact of loan fees](#) on your Requested Loan Amount.

How much do you want to borrow?

Use of Loan Funds

Your school will use your Direct PLUS Loan to pay for student tuition and fees, and for housing and food (for on-campus students).

You may authorize the school to apply your Direct PLUS Loan funds to other education-related charges on your student account (e.g., library fines, campus parking tickets, lab fees, and charges for minor damage to school property).

You aren't required to provide this authorization, and you may change the authorization at any time by contacting the school.
